

Stephen Henderson BSc (Hons) PgDip MCIPR

Short Bio for Website and Publication

Stephen Henderson is part of the RPS Digital Transformation team in Belfast driving the adoption of emerging and immersive technologies, such as Virtual Reality (VR) across the wider RPS Group. Stephen has worked with RPS, formally Kirk McClure and Morton for over 20 years.

Stephen is educated in diverse fields from engineering, marketing and management. He has over 20 years' experience within the Engineering Consultancy sector and holds Bachelor's Degrees in Management and Economics with Post Graduate Diplomas in Marketing and Design for Visual Communication.

Stephen and the Digital Transformation team in Belfast utilise their combined expertise in engineering and business strategy to help identify and utilise the technology through collaborative cross-sector development programmes.

At RPS they are exploring applications of VR and AR in BIM, Health and Safety training, Asset management and many more fields where it is advantageous to visualise and understand a new environment before it is built or operated.
